Kent Akron Association of School Psychologists

The Kent Akron Association of School Psychologists (KAASP) is one of the regional affiliates of the Ohio School Psychologists Association. KAASP is committed to promoting the professional growth of school psychologists by sharing ideas, methods, and current research and practices in the area of school psychology and other related fields.

TOPIC: **Cyber Safety: What School Personnel Need to Know**

Those who work with young people need to be alerted to the dangers of the increased use of digital devices for cyber-bullying, sexting and other technology misuse incidents. School psychologists, counselors, principals, and other school staff members must be trained to combat this issue in a healthy, positive forum within the legal ramifications of the law, to reduce conflicts arising due to tech misuse. This workshop will provide definitions and examples of technology misuse, defines state and local laws and an overview of available resources and materials mediating technology misuse incidents. Participants will understand:

- **The definitions of types of cyber risks**
- **Current facts and research on cyberbullying and sexting**
- **How to access free resources and materials**

WHO: **Kathleen Nichols, LSW, MA – Ohio Cyber Safety Initiative, Crime Victims Section, Office of Ohio Attorney General**
