

## BLAZING A TRAIL | ONE SCHOOL'S JOURNEY TO IGNITE MULTITIERED CHANGE

APRIL, 2023

*Mark Gallagher, Director of Continuous Improvement - Marysville Schools*

### AFTER TODAY YOU SHOULD BE ABLE TO:

1. Describe three factors that influence systems implementation in schools.
2. Inventory the current features and characteristics of your school's multi-tiered systems of support (MTSS).
3. Identify existing barriers to MTSS implementation in your own school.
4. Formulate and prioritize the first three meaningful steps that you are going to take to implement and/or refine MTSS in your school.

### AGENDA

- Our Learning Objectives
- Today's Dos, Don'ts, Caveats, and Warnings
- The Quick Version
- Implementation
- How We Approached Our Problem
- Our System
- Continuous Improvement

### MTSS PLANNING WORKSHEET

**Break & Reflection #1 (10 Minutes):**  
Consider the following questions, with regards to Time, Capacity, and Resources, relative to your own MTSS work and implementation:

- |   |                            |
|---|----------------------------|
| 1. What are <b>two things</b> that are going well in your school or district's MTSS implementation? Why?    | #1:<br>#2:                 |
| 2. What is <b>one thing</b> that you are proud of? Why?   | •<br>Why:                  |
| 3. What is <b>one area of growth</b> for your school or district relative to the three implementation keys? | •                          |
| 4. What is <b>one thing</b> that you would like to change within your MTSS implementation?                  | •                          |
| 5. Where are the <b>majority</b> of your staff on Gordon's Ladder? Where are you as a learner?              | Majority of Staff:<br>You: |
| 6. What is a <b>meaningful first step</b> for your area of growth and/or MTSS implementation?               | #1:                        |

## OUR LEARNING OBJECTIVES

## DOS, DON'TS, CAVEATS, AND WARNINGS

## DOS, DON'TS, CAVEATS, AND WARNINGS

- I **do not** profess to be an expert on MTSS.
- This is **not the only way** to approach this work.
- **Do** ask questions.
- **Do** find a thing or two that you can take back to your districts.
- **Don't** try to do it all.
- **Don't** try to do it alone.

## WHAT WAS GOING ON?

- **Committed to balanced literacy** → Literacy Collaborative training site
  - Lack of phonemic awareness, alphabetic principle, and phonics instruction
  - Two interventions → Leveled Literacy Intervention & Reading Recovery
  - Tiny pool of structured literacy intervention providers (SLP & IS)
- **Limited data** → sight words, text level, letter identification, sounds
  - Lack of concerted benchmarking beyond fourth grade (outside of grades 7-8)
  - Extraordinarily high reliance upon end-of-year outcomes data
- **Nonexistent systems for supporting non-academic needs**
  - Wraparound or bust

## THE QUICK VERSION

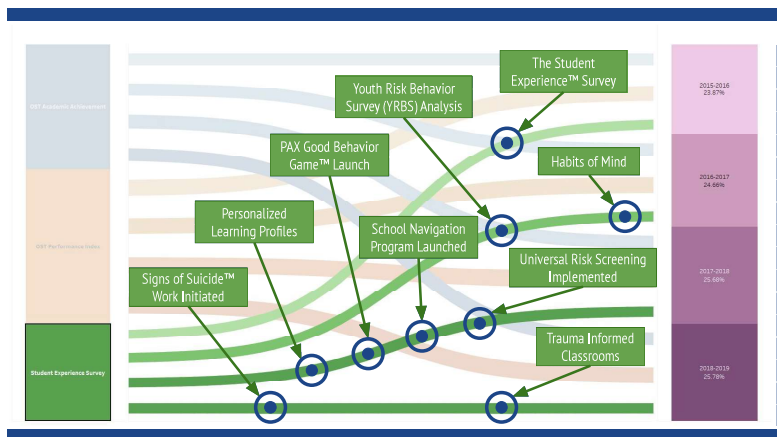

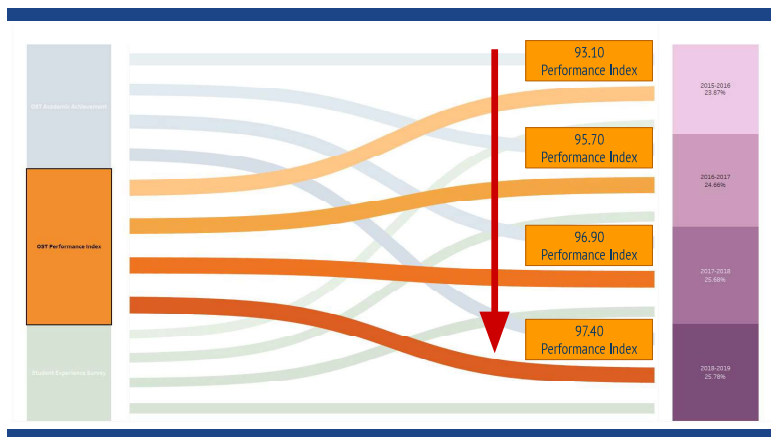

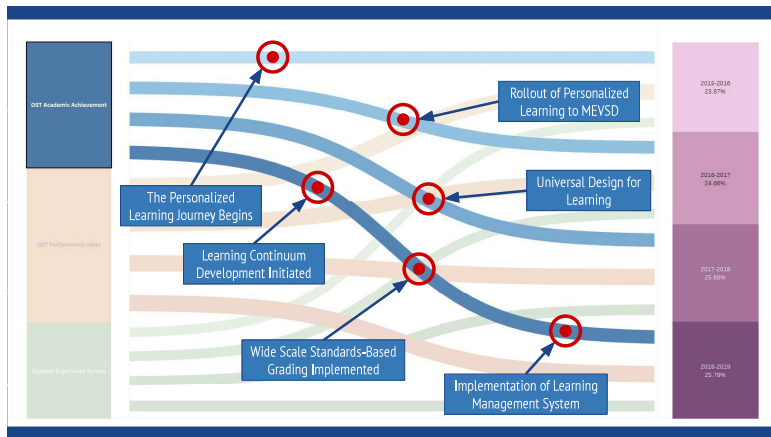

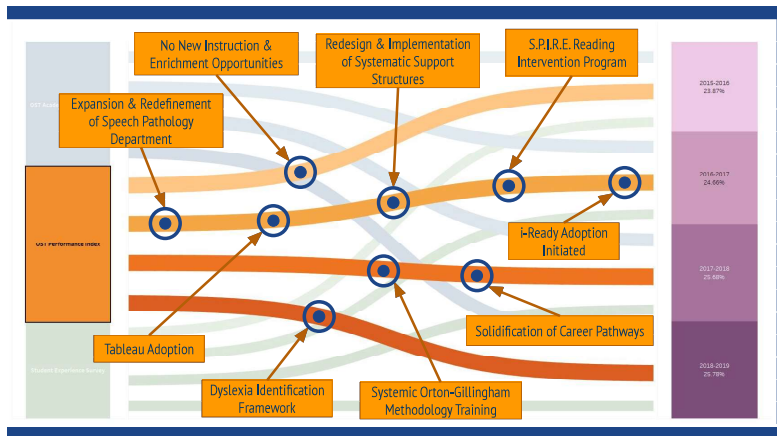

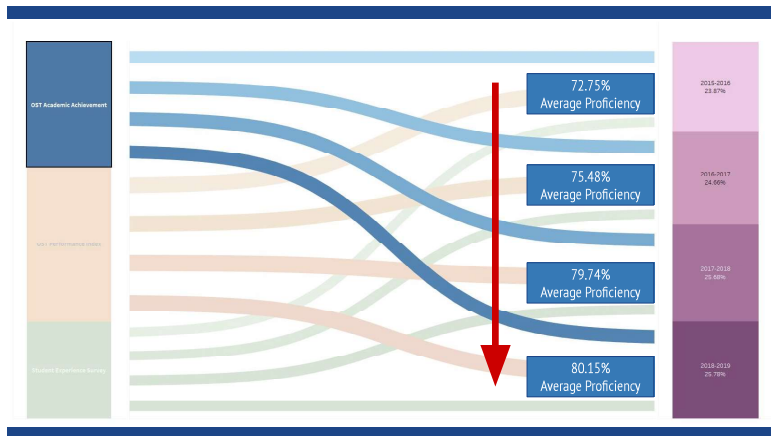

### EXECUTIVE SUMMARY | 2022 PERFORMANCE

<b>Achievement</b> This component represents whether student performance on state tests met established thresholds and how well students performed on tests overall. ★★★★★ Exceeds state standards in academic achievement <a href="#">View More Data</a>	<b>Progress</b> This component looks closely at the growth all students are making based on their past performances. ★★★★★ Evidence that the district met student growth expectations. <a href="#">View More Data</a>	<b>Gap Closing</b> The Gap Closing Component is a measure of the reduction in educational gaps for student subgroups. ★★★★★ Gifted Data Significantly exceeds state standards in closing educational gaps. <a href="#">View More Data</a>
<b>Graduation</b> The Graduation Component is a measure of the four-year adjusted cohort graduation rate and the five-year adjusted cohort graduation rate. ★★★★★ Significantly exceeds state standards in graduation rates. <a href="#">View More Data</a>	<b>Early Literacy</b> The Early Literacy Component is a measure of reading improvement and proficiency for students in kindergarten through third grade. ★★★★★ Meets state standards in early literacy (K-3). <a href="#">View More Data</a>	<b>College, Career, Workforce and Military Readiness</b> This component looks at how well-prepared Ohio's students are for future opportunities, whether training in a technical field or preparing for work or college. ★★★★★ <a href="#">View More Data</a>

### EXECUTIVE SUMMARY | 2016 PERFORMANCE

<b>Achievement</b> The Achievement component represents the number of students who passed the state tests and how well they performed on them. Performance Index: 77.6% Indicator Met: 63.0% COMPONENT GRADE: <b>C</b>	<b>Progress</b> The Progress component looks closely at the growth that all students are making based on their past performances. Value-Added Overall: A Gifted: A Students with Disabilities: A Lowest 20% in Achievement: A COMPONENT GRADE: <b>A</b>
<b>Gap Closing</b> The Gap Closing component shows how well schools are meeting the performance expectations for our most vulnerable populations of students in English language arts, math and graduation. Annual Measurable Objectives: 64.0% COMPONENT GRADE: <b>F</b>	<b>Graduation Rate</b> The Graduation Rate component looks at the percent of students who are successfully finishing high school with a diploma in four or five years. Graduation Rates: 95.1% of students graduated in 4 years, 96.2% of students graduated in 5 years. COMPONENT GRADE: <b>A</b>
<b>K-3 Literacy</b> The K-3 Literacy component looks at how successful the school is at getting struggling readers on track to proficiency in third grade and beyond. K-3 Literacy Improvement: D COMPONENT GRADE: <b>D</b>	<b>Prepared for Success</b> Whether training in a technical field or preparing for work or college, the Prepared for Success component looks at how well prepared Ohio's students are for all future opportunities. COMPONENT GRADE: <b>C</b>

?! ?! ?!

# IMPLEMENTATION

## TIME

- **The most crucial of all implementation components**
  - Time is your most valuable resource
- **Create time (don't borrow it)...**
  - To make decisions & work with teams
  - To address ALL student needs
  - To address professional learning needs
- **Connect, don't compete, with adjacent initiatives**
  - Leverage curriculum adoption cycles
  - Relate MTSS implementation to personalized learning and whole child education
  - Tap into future readiness initiatives (prep for pathways, life, post-secondary)

## THE GOAL -VS- REALITY

Goal

Perfect Professional Development, Efficient Time Usage, Effective Implementation

Reality

Stuff Happens

Calamity Days

This is a Bad Idea, Groaning

Curriculum

Funds

Staff & Admin Turnover

Philosophical Debate

## CAPACITY

- **Do we have the personnel needed to do this work?**
  - Title funded, special education (IDEA Part B), speech-language pathology
- **Do our personnel have the necessary skills and knowledge to do the work?**
  - Professional learning improves fidelity of implementation
  - Science of Reading training, social-emotional development, numeracy, etc
  - Training on intervention programs, curricula, and frameworks
- **Do we regularly assess indicators of adult implementation?**
  - Improved fidelity → improved student performance
  - Observation tools (R-TFI 2.0, PBIS-TFI) vs self-report measures (Rate your...)

Crosse et al. (2011), Jorgensen & Bozko (2012), National Implementation Research Network (2023)

## IMPLEMENTATION | 3 KEY CONSIDERATIONS

Fagan et al. (2019), Finsen et al. (2005), Finsen, Blase, Metz, & Van Dyke (2013)

## RESOURCES

- **Commit to making the work financially viable**
  - Start small and scale
  - Explore alternative options for funding, materials, tools
- **Use universally designed evidence-based programs and tools**
  - Address all students' needs → IES Practice Guides
  - Possess enough kits and materials for implementers
- **Ensure that there is expertise in positions of leadership**
  - Professionals ready to lead this work
  - Domain specific expertise
  - School leadership must be ready and willing to launch this work

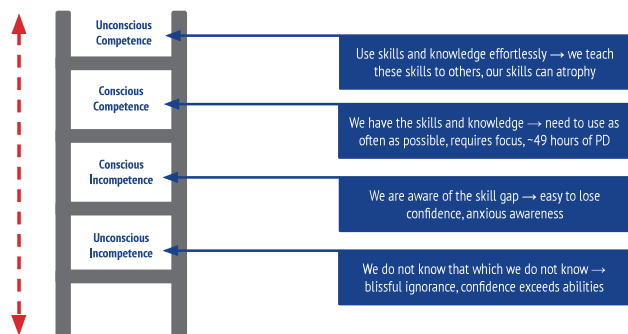

## CLIMATE & CULTURE

- **A strong school building climate & culture will produce lasting change**
  - Change is hard, but a school building (district) will succeed if staff agree to move in a unified direction (e.g. current systems HAVE to change for the betterment of kids)
- **Substantive change happens in small increments**
  - Start in a single building or some classrooms
  - Marathon, not a sprint → ~7 years to implement a model
- **Have humility**
  - Staff members with firmly held beliefs and philosophies will have to engage in deep personal change as part of this work
  - Do not expect staff to innately know things → teaching isn't just for kids

W.A. Coulter (2017)

## HOW WE APPROACHED OUR PROBLEM

### GORDON'S LADDER

### WHERE IT STARTED

- **Literacy was in a dire state (2015)**
  - Poor performance on K-3 literacy measure
  - Abnormally high identification for SPED services (~21%)
  - Disjointed RTI process that left most staff members feeling disillusioned
    - "Bring the 3 kids you are worried about, but not the 4th"
- **Started with administrator awareness and coalition building (Spring, 2016)**
  - What do you want to know about students?
    - Text level & sight words -vs- the big five ideas in reading
    - Do our assessments capture the big five?
- **The power of the word 'insist'**

Real word

/in/ /sist/

Non-word

### SELF-ASSESSMENT (10 MINUTES)

With regards to Time, Capacity, and Resources, relative to your own MTSS work:

What are two things that are going well in your school or district? Why?

What is one thing that you are proud of? Why?

What is one area of growth for your school or district relative to the 3 implementation keys?

What is one thing that you would like to change within your MTSS implementation?

Where are the majority of your staff on Gordon's Ladder? Where are you?

What is a meaningful first step for your area of growth and/or MTSS implementation?

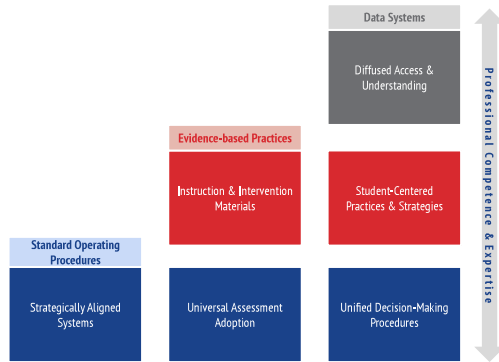

### HOW IT GOT GOING

- **Middle school experienced early success (Spring, 2016)**
  - Home-cooked common assessment → AIMSweb (ORF, MAZE, MCOMP, MCAP)
  - Instituted no-new-instruction time, replaced 1 related arts course
- **Established a middle-out approach in K-6**
  - Tier 2 intervention → S.P.I.R.E.
    - Tried to intervention our way out of our problems
  - Implemented Heggarty in K-1
- **Built data teams (MTSS teams) and dashboards**

**Middle-Out vs Bottom-Up:  
Both Approaches are Hard Work**

## LITERACY | KEY TENETS & CONCEPTS

## WHERE WE ARE AT (7 YEARS LATER)

- **Still refining and making small adjustments**
  - Systemic training on best practices (LETRS, Orton-Gillingham)
  - Refining Tier 1 wellness & prevention programming
  - Implementing the most appropriate assessments
  - Improving the coordination and personalization of professional learning
- **Ensuring that we accurately capture risk and need**
  - Rebuilding 7-12 literacy screening and supports from the ground up
    - General reading problem → narrowband & diagnostic
  - Bifurcated screening & identification pathways (student self-report screening + referral)
- **Continue to build team and educator capacity**
  - Teaching personnel become the drivers of the conversation

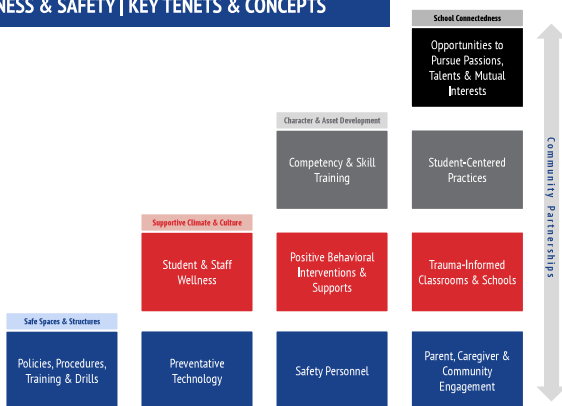

## WHERE IT WENT

- **Observed success with literacy model and wanted to expand our efforts (Spring, 2017)**
  - Immediate change in literacy success (D in early literacy → 77.6% 3rd grade proficiency)
  - MTSS process was reported to be effective at addressing literacy needs
  - Started systematic training in Orton-Gillingham Methodology (reading & special ed personnel)
- **Youth behavioral health crisis (Spring, 2017)**
  - Completed youth suicides throughout Union County
  - Highest recorded number of office discipline referrals during 2016-2017 school year
- **Started operating parallel systems after the same goal (Fall, 2017)**
  - Launched the teacher completed SRSS-IE
  - Utilized a similar dissemination framework as literacy, smaller teams → capacity

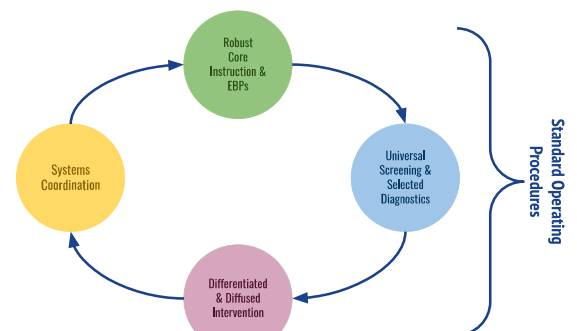

## IMPLEMENTATION | KEY TENETS & CONCEPTS

## WELLNESS & SAFETY | KEY TENETS & CONCEPTS

## ACTUALIZATION | THE CORE MODEL

## OUR SYSTEM

### ASSESSMENT CALENDAR

First	**I-Ready Reading Diagnostic	August 22-September 16	n/a	Tier 1 Universal Screening, State Requirement
	** <a href="#">Acadience Nonsense Word Fluency (Correct Letter Sounds &amp; Whole Words Read)</a>	August 17-September 16	September 16, Acadience Data Management System	Tier 1 Universal Screening
	** <a href="#">LETRS Phonics Word &amp; Reading Survey</a>	August 17-September 16	September 16	Tier 1 Universal Screening
	<a href="#">LETRS Basic Spelling Screener</a>	August 17-September 16	September 16	Tier 1 Universal Screening
	** <a href="#">PAST Form A Directions for Administration and Scoring</a>	August 17-September 16	September 16	Tier 1 Universal Screening
	**I-Ready Math Diagnostic	August 22-September 16	n/a	Tier 1 Universal Screening
	<a href="#">SELweb - Social Emotional Diagnostic Assessment</a>	August 24-September 16	n/a	Tier 1 Universal Screening

## STANDARD OPERATING PROCEDURES

### MEETING FORMAT

Building:	Room/Team:	Date:
Facilitator:	Recorder:	Time Keeper:
Data Entry:		

**Introduction:** Meeting explanation and purpose.

- Review student benchmark assessment data on a student-by-student basis.
- Develop intervention plans for at-risk students.
- Develop coaching action plans to support core instruction.

**Student Intervention Plans:** Which students require intervention, what intervention are they doing, and with whom?

Student Name:	Tier:	Intervention:	Interventionist:	Frequency:

### STANDARD OPERATING PROCEDURES

#### → Components

- ◆ Meetings & Roles
- ◆ Scheduling
- ◆ Decision Rules → Screening & Diagnostic Measures, Intervention
- ◆ Parent Resources
- ◆ Parent Guidance & Opt-Out
- ◆ Instructional Frameworks
- ◆ Scope & Sequence

### FOLLOW-UP AND SUPPORT

**Coach Action Plans:** What can be done to support core instruction?

Who?	Does What?	By When?

**Additional Follow-up Actions:** What else needs to be done to support students?

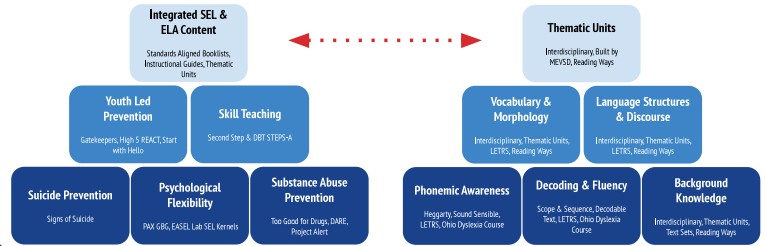

Who?	Does What?	By When?

## TIER DESIGNATION

Tier 2 Designation		
Frequency	Duration	Intensity
<ul style="list-style-type: none"> <li>1-3 sessions per week</li> <li>Progress monitored once every two to three weeks</li> </ul>	<ul style="list-style-type: none"> <li>20 - 30 minutes per session</li> <li>20 - 90 minutes per week</li> <li>80 - 360 minutes per month</li> </ul>	<ul style="list-style-type: none"> <li>3-5 students</li> <li>Total acuity of all implemented interventions is moderate                             <ul style="list-style-type: none"> <li>Example: Two sessions of SPIRE and one Second Step lesson or counselor session per week</li> </ul> </li> </ul>
Tier 3 Designation		
Frequency	Duration	Intensity
<ul style="list-style-type: none"> <li>4-5 Sessions per week</li> <li>Progress monitored once to multiple times per week</li> </ul>	<ul style="list-style-type: none"> <li>30 minutes per session</li> <li>120 - 150 minutes per week</li> <li>480 - 600 minutes per month</li> <li>Tier 2 intervention that has persisted for one to one and a half years without adequate progress</li> </ul>	<ul style="list-style-type: none"> <li>1-3 students</li> <li>Total acuity of all implemented interventions is high                             <ul style="list-style-type: none"> <li>Example: Four sessions of Orton-Gillingham per week and bi-weekly counseling sessions.</li> </ul> </li> <li>Highest level of implementation fidelity</li> <li>May be using out of grade level progress monitoring measures</li> </ul>

## CORE INSTRUCTION & EVIDENCE-BASED PRACTICES (EBPs)

## RETENTION PROCESSES (K-1)

Mandatory Measures	Performance Data	Retention	Tier 3
Light's Retention Scale (Abbreviated Cognitive Battery if Appropriate)	<ul style="list-style-type: none"> <li>Excellent</li> <li>Good</li> <li>Fair</li> <li>Marginal</li> <li>Poor</li> <li>No Retention</li> </ul>	<ul style="list-style-type: none"> <li>Excellent</li> <li>Good</li> </ul>	<ul style="list-style-type: none"> <li>Fair</li> <li>Marginal</li> <li>Poor</li> <li>No Retention</li> </ul>
NWF-CLS		Well Below Benchmark	Well Below Benchmark
NWF-WWR		Well Below Benchmark	Well Below Benchmark

ORF-Accuracy		Well Below Benchmark	Well Below Benchmark
CTOPP-2		<ul style="list-style-type: none"> <li>No Deficits</li> <li>PM and/or RM Deficit Only</li> </ul>	<ul style="list-style-type: none"> <li>Single Deficit (PA Only)</li> <li>Double Deficit</li> <li>Triple Deficit</li> </ul>
WISC-V, KABC-II-NU (Only if Excellent or Good Candidate on Light's Scale)		Within or Above Normal Limits	Below Normal Limits

## INSTRUCTIONAL FRAMEWORKS

### 1st Grade ELA Whole Group Guidance

#### WORD WORK: PHONOLOGICAL AWARENESS, PHONICS, AND/OR WORD READING (LESSON PLAN TEMPLATE HERE)

Suggested 30-45% of instructional time

- Focus on RF Standards
- Teach sound-symbol correspondence, syllable patterns, and morpheme structures (See Scope & Sequences for **Phonological Awareness** and **Phonics**)
- Incorporate the General Phonics Lesson Plan (HERE)
- Use multi-sensory strategies for instruction and practice

#### VOCABULARY INSTRUCTION (INSTRUCTIONAL ROUTINE TO INTRODUCE A NEW WORD TEMPLATE HERE)

Suggested 10-15% of instructional time

- Focus on RI.1.4, RI.1.4, L.1.4
- Use a direct and explicit routine for introducing new words (see Instructional Routine above)
- Teach students independent word learning strategies
- Aim to teach 3-5 **tier 2** words per reading selection
- Make vocabulary words visible throughout the classroom

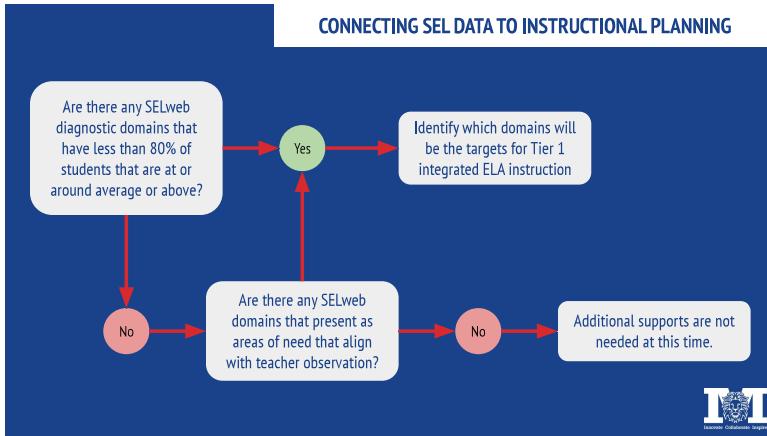

## SCOPE & SEQUENCE

## CORE INSTRUCTION & EVIDENCE-BASED PRACTICES

1st Grade Foundational Reading Instructional Guide					
Always begin with assessment and review necessary patterns and concepts from previous grade levels. Review Whole Group Foundational Lessons.					
Feature/Word List	Examples	Teaching Type	Resources	Decodables	Open Court Decodable
Initial Blends: l, s, r blends	clap, stop, frog	Teaching Tip: Initial Blends	Initial l-blends word list Initial s-blends word list Initial r-blends word list	Nonfiction Decodable: "Snakes" (Beginning Blends) Core Knowledge Decodable (CVC & Beginning Blends) IMSE Decodable Readers: Set 2, Book 20	Initial Blends: 1st Grade Book 19
Final Blends: s, l, m, n blends	last, help, jump, tent	Teaching Tip: Final Blends	Final s-blends word list Final l-blends word list Final m- and n-blends word list Lexia Lesson: Reading Words with Blends & Digraphs	Lexia Decodable: Frog Skills Lexia Decodable: Blends Review Nonfiction Decodable: "Set Up a Tent" (Ending Blends) IMSE Decodable Readers: Set 2, Book 20	Final Blends: 1st Grade Book 20 Initial Blends: 1st Grade Book 19 Initial Blends: 1st Grade Book 20 Initial Blends: 1st Grade Book 21 Initial Blends: 1st Grade Book 22

## CONNECTING SEL DATA TO INSTRUCTIONAL PLANNING

## Edgewood | SEL Booklist

### Edgewood SEL Standards Teacher Guide

## SEL ALIGNED BOOKLISTS

## BUILDING A CONTINUUM

Competency A: Self-Awareness			
A1: Demonstrate an awareness of personal emotions			
K-2	3-5	Middle Grades	High School
A1. 1.a Identify basic personal emotions	A1. 1.b Identify a range of personal emotions	A1. 1.c Identify, recognize and name personal complex emotions	A1. 1.d Identify complex emotions as an indicator of personal state of well-being
A1. 2.a Recognize emotions as natural and important	A1. 2.b Identify that emotions are valid, even if others feel differently	A1. 2.c Explain that emotions may vary based on the situation, including people and places	A1. 2.d Analyze ways emotions impact the social environment
A1. 3.a Identify appropriate time and place to safely process emotions, independently or with the guidance of a trusted adult	A1. 3.b Consider when it is necessary to process emotions in a safe place, independently or with the guidance of a trusted adult	A1. 3.c Utilize appropriate time and place to safely process emotions, independently, with a trusted adult or with peers	A1. 3.d Utilize appropriate time, place or support systems to reflect on personal emotions, independently, with a trusted adult or with peers
A1. 4.a Recognize that current events can impact emotions	A1. 4.b Describe how current events trigger emotions	A1. 4.c Explain how others' responses to current events can impact emotions	A1. 4.d Analyze why current events may trigger an emotional reaction and identify ways to regulate a response

### Parent SEL Domain: Self Awareness

**Critical Learning Target: Demonstrates an awareness of personal emotions.**

**Habits of Mind:** Edgewood - Learn, Mill Valley - Collaborate & Inspire, Navin - Collaborate, Northwood - Caring & Leaders, Raymond - Reflective

**Standards:** ESEL.L.4.a, MSEL.C.2.a, MSEL.IN.3.a, NSEL.C.2.a, NWSEL.CA.2.a, NWSEL.L.4.a, RYSEL.RE.4.a

### Learning Progressions (Simple to Complex):

- Identify a range of personal emotions.
- Identify that emotions are valid, even if others feel differently.
- Identify appropriate time and place to safely process emotions, independently or with the guidance of a trusted adult.

### Sources of Evidence:

- Class meetings
- Whole group and small group discussions, partner or small group work
- Read aloud, shared reading, and guided reading focus on character traits (emotions)
- Journaling
- Self reflections, exit slips, and student conferencing
- SELweb emotion recognition domain

## CONNECTING BOOKS TO SEL PRACTICES

## CRITICAL LEARNING TARGETS

EDGEWOOD: HABITS OF MIND [K-GR4]		
UC Code	OLS (On-Level Standard)	UC Name Description
ESEL.1.1	Imagine	
ESEL.1.a	E4	<b>RESPONSIBLE DECISION MAKING:</b> Explore and approach new situations with an open mind and curiosity while recognizing that some outcomes are not certain or comfortable (E4)
		<ul style="list-style-type: none"> <li>Develop and practice strategies to appropriately respond in unfamiliar situations</li> <li>Practice the ability to manage transitions and adapt to changing situations and responsibilities in school and life</li> </ul>
ESEL.C.2	Create	
ESEL.C.2.a	B3	<b>SELF-MANAGEMENT:</b> Regulate emotions and behaviors by using thinking strategies that are consistent with brain development (B3)
		<ul style="list-style-type: none"> <li>Identify personal behaviors or reactions when experiencing basic emotions</li> <li>Demonstrate strategies to express a range of emotions within the expectations of the setting</li> <li>Identify and begin to use strategies to regulate emotions and manage behaviors</li> <li>Apply strategies to regulate emotions and manage behaviors</li> </ul>

### Activities & Lessons:

- Provide vocabulary words for feelings (e.g. happy, mad, sad, excited, bored, frustrated, etc.)
- Set up small-group discussions that allow students to discuss how and why emotions can influence our behaviors (e.g., what happens when we get angry?)
- Use stories and books to discuss the characters' feelings and how those feelings affected others and ultimately the outcome of the story.
- Use stories to have students identify a time they may have had the same feelings as a character and ask them to discuss in small groups (or draw a picture or write simple sentences in their journals) to describe how they handled those situations.

### Teaching Practices:

- Routinely tell students authentic reasons why you as their teacher feel happy/optimistic for them and their future.
- Routinely provide authentic feedback and ask questions that help students reflect on their own strengths and interests, e.g., "I can tell you're really enjoying this story. Can you tell me what about this is making you feel so energized/motivated/happy?," "I can tell you're really proud of how you did on this project. Can you tell me what about this you're most proud of?"
- Create group projects—such as book reports—and help students develop appropriate strategies for providing feedback to each other if someone is not pulling their weight on the team.

DNA	Not Yet (NY) (Emergent)	Approaching Mastery (AM) (Developing)	Mastery (M) (Secure)
Did not attempt or assess.	Is not able to recognize and label basic personal emotions in themselves and/or others (happy, sad, mad).	Identifies basic personal emotions in themselves and/or others (happy, sad, mad) - with or without modeling.	Recognizes and labels a variety of emotions in themselves and others (see scope & sequence of emotions).

**SELF-ASSESSMENT (10 MINUTES, ONGOING)**

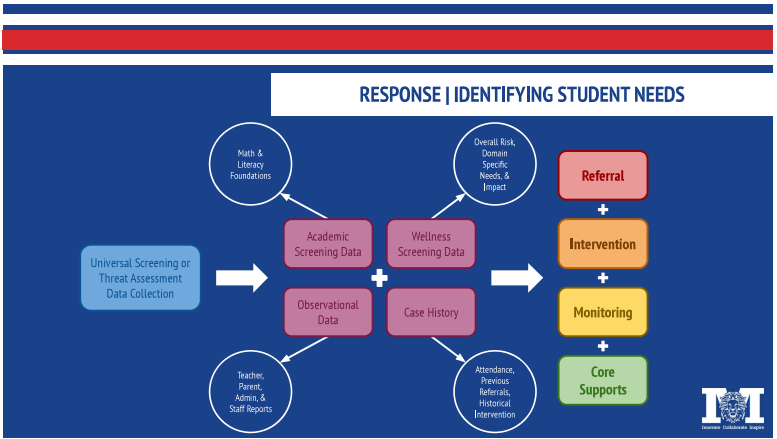

As we have been talking and learning together, revisit your planning sheet:

Have your two things that are going well in your school or district changed as we have learned more?

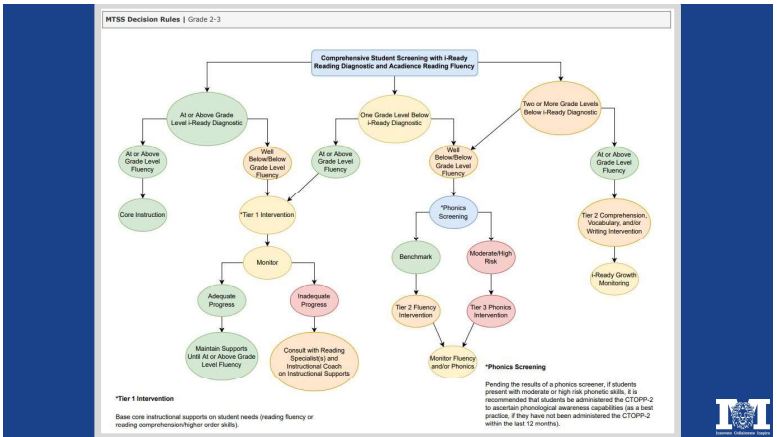

Is the one thing that you are proud of from the first break the same?

What are two additional meaningful steps for your MTSS process implementation?

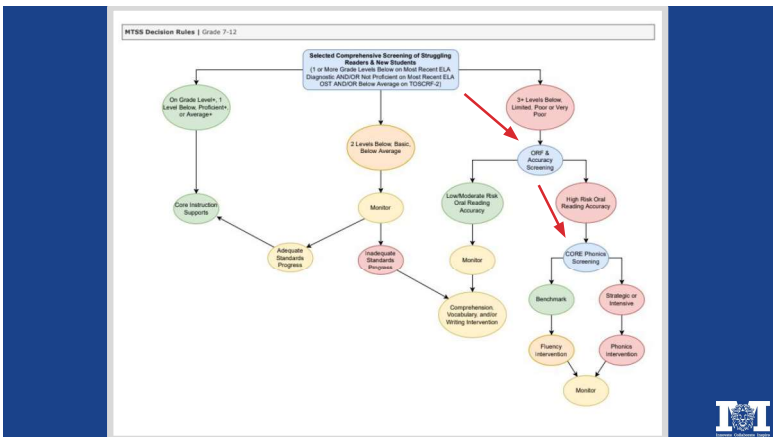

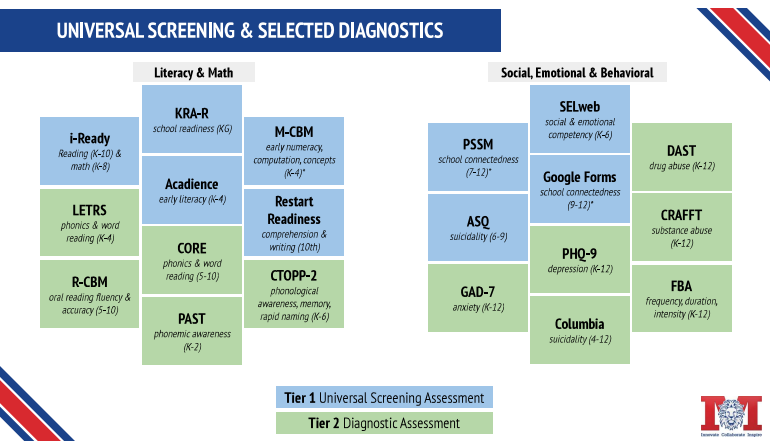

Continue to think about and refine these throughout today's learning session.

Exempted Village School District

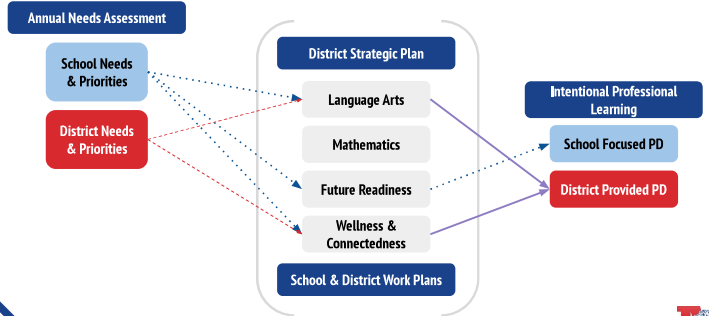

## PBIS-TFI | Walkthrough Interactions

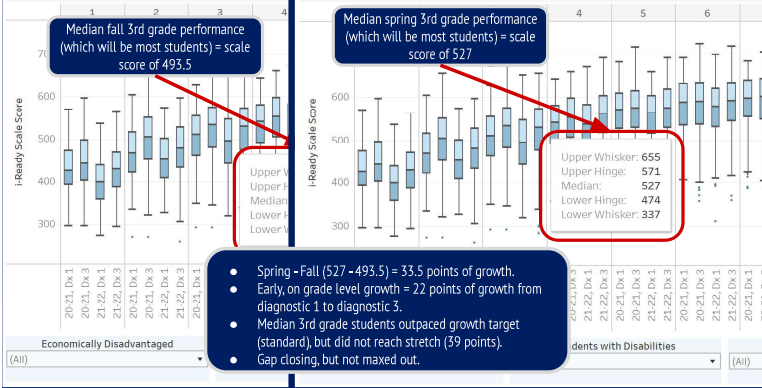

## i-Ready Reading | Phonics Achievement

## ANNUAL STRATEGIC PLANNING

## i-Ready Reading | Diagnostic Scale Score Performance

## FINAL REFLECTION

What is one thing (or two) that you are going to bring back to your school or district after this session?

What are your three meaningful steps?

What needs to happen for you to operationalize your three meaningful steps?

What is one new thing that you learned today?

What this learning session beneficial?

THANK YOU
