

# School Psychology and the The Science of Reading

Dr. Stephanie Stollar, Ph.D.  
stephaniestollar@gmail.com

Reading Science Academy

1

---

---

---

---

---

---

---

---

## Objectives

This session will provide school psychologists:

- Background information on the science of reading
- Strategies for sharing research with other educators
- A framework for implementing the science of reading so more students become skilled readers
- Guidance for implementing structured literacy practices that are consistent with Ohio's dyslexia legislation and other state and federal laws

2

2

---

---

---

---

---

---

---

---

3

---

---

---

---

---

---

---

---

Percent at Minimum Expectation in Kindergarten		
	Beginning of Year	End of Year
District A	39%	81%
District B	38%	90%
Typical District	54%	62%

4

4

---

---

---

---

---

---

---

---

“The most critical elements of an effective program for the prevention of reading disability at the elementary school level are:

- a) the right kind and quality of instruction delivered with the
- b) right level of intensity and duration to
- c) the right children at the
- d) right time.”

Torgesen, 1998

<https://www.aft.org/sites/default/files/periodicals/torgesen.pdf>

---

---

---

---

---

---

---

---

6

6

---

---

---

---

---

---

---

---

## School Psychologist's Role and Function

- Participating as team members at all levels of the system
- Consulting with teachers on curriculum and instruction
- Classroom observations
- Selecting, conducting and interpreting reading assessments
- Data-based decision making - selecting, matching students to, implementing, and evaluating reading interventions
- Supporting parents, families and communities
- Special education eligibility determination
- Seeing schools as systems that can be organized to maximize student outcomes

7

(c) 2022 Stephanie Stollar Consulting LLC

7

---

---

---

---

---

---

---

---

## The Big Ideas of Changing Early Literacy Outcomes

1. Find out what kids need
2. Provide what they need in regular classroom reading instruction
3. Increase support as data indicate the need

8

## Definition

The Science of Reading is a vast, interdisciplinary body of *scientifically-based\** research about reading and issues related to reading and writing.

This research has been conducted over the last five decades across the world, and it is derived from thousands of studies conducted in multiple languages. The science of reading has culminated in a preponderance of evidence to inform how proficient reading and writing develop; why some have difficulty; and how we can most effectively assess and teach and, therefore, improve student outcomes through prevention of and intervention for reading difficulties.

---

---

---

---

---

---

## MTSS: A Framework to Improve Reading Outcomes Through Prevention and Intervention

Multi-Tiered Systems of Support (MTSS) is a school-wide framework for implementing effective instruction. MTSS involves efficiently targeting instruction to student needs based on universal screening and diagnostic assessments.

School and district teams use assessments in a data-based, decision-making process to build a system of increasingly intensive instructional supports that are customized to fit the needs of the students. Simultaneously, schools must also assess their human and instructional resources to ensure that those needs are met.

MTSS does not involve prescriptive practices to be rigidly implemented by tiers or levels of assignment. Nor is it adding to current, ineffective practices for the sake of innovation. It is a comprehensive system whereby ineffective practices are strategically abandoned and proven practices are prioritized.

Whatisthescienceofreading.org. (2021, February 3). Retrieved February 5, 2021, from <https://www.whatisthescienceofreading.org/>

10

---

---

---

---

---

---

---

---

## MTSS

All students reach grade-level reading goals, but what it takes to get them there varies in intensity.

- 80% reach goals through Tier 1 only
- Another 15% reach goals through Tier 1 + Tier 2
- The remaining 5% reach goals through Tier 1 + Tier 2 and/or Tier 3

100% of Students On Track

Tier 3 = Intensive Intervention  
A Few Students

Tier 2 = Targeted Intervention  
Some Students

Tier 1 = Universal Instruction  
All Students

## Ohio's Plan to Raise Literacy

### Section 1: Ohio's Theory of Action

Figure 1: Ohio's Theory of Action

12

<https://education.ohio.gov/getattachment/Topics/Learning-in-Ohio/Literacy/Ohio-Plan-to-Raise-Literacy-Achievement.pdf.aspx>

12

---

---

---

---

---

---

---

---

## OH Dyslexia Laws

<https://education.ohio.gov/Topics/Learning-in-Ohio/Literacy/Dyslexia>

- Screen all students in K-3
- Report risk to parents
- Monitor progress of at-risk students for up to six weeks
- If no progress is made, notify parents, and administer a diagnostic assessment
- Report results to parents
- If dyslexic tendencies, provide the parents with information about reading development, risk factors for dyslexia and descriptions for evidence-based interventions
- If markers for dyslexia, provide written explanation of district's multi-sensory structured literacy program
- PD and Certification

13

13

---

---

---

---

---

---

---

---

## Prevention

(c) 2022 Stephanie Stoller Consulting LLC

14

14

---

---

---

---

---

---

---

---

## Prevention

Children who start low tend to stay low

Trouble with early word reading skills leads to

- less time spent reading
- slow vocabulary growth
- missed opportunities to practice comprehension
- negative attitudes toward reading

**The best solution to the problem of reading failure is to allocate resources for early identification and prevention.**

Torgesen, 1998

## 1. Universal Screening

Which students and systems are at risk?

- Given to all students
- Brief
- Standardized
- Predictive
  - Cut points that predict an important reading outcome in the future
- Provide student-level and system-level information

22

(c) 2022 Stephanie Stollar Consulting LLC

22

## Example of Universal Screening

Below Benchmark / Likely to Need More Support										At Benchmark / Likely to Need More Support										Below Benchmark / Likely to Need More Support										Well Below Benchmark / Likely to Need Intensive Support									
ORF										MAZE										READING COMPOSITE SCORE																			
NAME	STUDENT ID	Words Correct	Local Percentile	Accuracy	Rate	Local Percentile	Retell Quality	Adjusted Score	Local Percentile	Score	Local Percentile	Score	Local Percentile	Score	Local Percentile	Score	Local Percentile	Score	Local Percentile	Score	Local Percentile	Score	Local Percentile	Score	Local Percentile	Score	Local Percentile	Score	Local Percentile										
West, Doris	401800140	40	4	90%	25	23	2	4	3	151	4	Well Below Benchmark																											
Montgomery, Janice	401800128	59	8	89%	25	23	2	8	16	173	5	Well Below Benchmark																											
Stevens, Todd	401800136	67	14	82%	19	11	1	4	3	177	9	Well Below Benchmark																											
Flaming, Frank	401800138	61	11	85%	23	14	3	6	10	211	14	Well Below Benchmark																											
Brown, Victor	401800137	71	19	82%	26	29	2	13	26	231	19	Well Below Benchmark																											
Barker, Raymond	401800132	83	25	86%	14	6	1	10	28	255	21	Below Benchmark																											
Curtis, Jonathan	401800134	87	29	87%	19	9	1	13	39	265	24	Below Benchmark																											
Brook, Frank	401800130	102	48	94%	29	29	2	15	50	298	28	At Benchmark																											
Hernandez, Mark	401800133	85	39	98%	28	34	3	10	28	295	30	At Benchmark																											
Fuller, Susan	401800125	79	21	89%	29	36	2	18	68	312	34	At Benchmark

23

23

## Example of Universal Screening

Number of Students = 94  
Average = 28.7  
Standard Deviation = 23.4  
Score Range = 0 to 93

Number of Students = 101  
Average = 148.8  
Standard Deviation = 47.8  
Score Range = 18 to 240

Number of Students = 98  
Average = 167.2  
Standard Deviation = 42.6  
Score Range = 79 to 310

Acadience Reading and Acadience Data Management are registered trademarks of Acadience Learning Inc.

24

## 2. Diagnostic Assessment

- Exactly what should we teach next?
- Given to students when you aren't sure what to teach next
  - More in-depth than screening
  - May or may not be standardized, timed, but not teacher created
  - Closely linked to instruction (the score is less important than how the student got to the score)

25

(c) 2022 Stephanie Stollar Consulting LLC

25

---

---

---

---

---

---

---

---

## Example of Diagnostic Assessment

26

---

---

---

---

---

---

---

---

## 3. Progress Monitoring

Is it working?

- Brief
- Standardized
- Alternate forms of the same task
- Sensitive to change over small units of time

27

(c) 2022 Stephanie Stollar Consulting LLC

27

---

---

---

---

---

---

---

---

28

---

---

---

---

---

---

---

---

### 4. Outcome Evaluation

Did it work?

- Achievement testing
- Grade level objectives
- Linked to standards

29

(c) 2022 Stephanie Stollar Consulting LLC

29

---

---

---

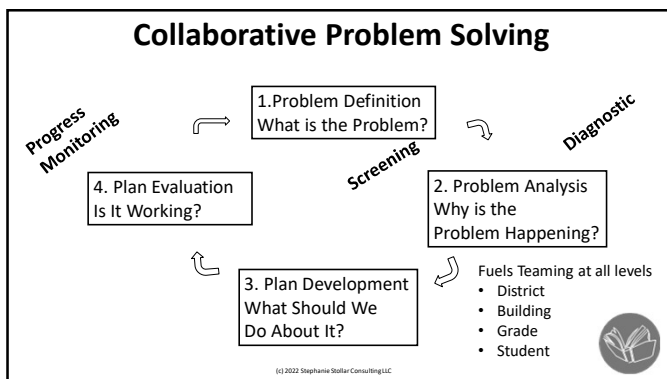

---

---

---

---

---

30

---

---

---

---

---

---

---

---

Step	Question	Task	Data Source
<b>1. Problem Definition</b>	What is the Problem?	State as the difference between expected and actual performance	Universal Screening
<b>2. Problem Analysis</b>	How and why is the problem happening?	Generate hypotheses about: <ul style="list-style-type: none"> <li>• Schedule</li> <li>• Curriculum &amp; Instruction</li> <li>• Flexible Service Delivery</li> <li>• Grouping</li> </ul>	Screening Diagnostic Adult Implementation Variables
<b>3. Plan Development</b>	What should we do about it?	Use resources to resolve barriers	
<b>4. Plan Evaluation</b>	Did you implement the plan? Did students improve?	Develop an action plan	Progress Monitoring

31

---

## The Essential Components of Early Literacy

Skill	Definition
Phonemic Awareness	Noticing, thinking about and working with phonemes
Vocabulary & Oral Language	Understanding the meaning of words we speak, hear, read, and write
Phonics	Knowing relationships between sounds (phonemes) and letters (graphemes)
Oral Reading Fluency	Reading connected text accurately, fluently, and for meaning
Reading Comprehension	Gaining meaning from text

34

(c) 2022 Stephanie Stollar Consulting LLC

34

---

---

---

---

---

---

---

---

## What to Teach: The Five Essential Components of Early Literacy

(c) 2022 Stephanie Stollar Consulting LLC

35

35

---

---

---

---

---

---

---

---

## What is Phonemic Awareness?

The ability to manipulate sounds in spoken language at the level of the smallest unit – the phoneme

Elusive

Creating “parking spaces”

Independent of meaning and print

Reciprocal

(c) 2022 Stephanie Stollar Consulting LLC

36

---

---

---

---

---

---

---

---

37

---

---

---

---

---

---

---

---

### Why is Phonemic Awareness Important?

Written English is the representation of spoken phonemes

Students who have phonemic awareness are more likely to learn phonics easily

PA predicts reading comprehension; The path to reading comprehension starts with phonemic awareness

To read you must transfer the print to speech; To spell you must transfer speech to print

(c) 2022 Stephanie Stollar Consulting LLC

38

---

---

---

---

---

---

---

---

### Misunderstandings About Phonemic Awareness

- Same thing as phonics
- Acquired by osmosis; It doesn't need to be taught
- Not all students need this skill
- This is only for pre-K and K
- All of the skills are equally important and must be taught
- You have to start with larger linguistic units before you work on phonemes
- Instruction should be done without print

(c) 2022 Stephanie Stollar Consulting LLC

39

---

---

---

---

---

---

---

---

## How Does Phonemic Awareness Connect?

PA improves word reading, spelling, and reading comprehension  
Phonemic awareness is reciprocal with phonics and spelling

(c) 2022 Stephanie Stollar Consulting LLC

40

40

## Research on Teaching Phonemic Awareness

- Focus on blending and segmenting phonemes
- Make sounds in spoken words concrete with movement, objects and letters
- 10-15 minutes per day
- Prioritize 1-2 skills per lesson
- Small groups
- Link to letters

41

(c) 2022 Stephanie Stollar Consulting LLC

41

## Phonemic Awareness Resources

42

## What Is Phonics?

Knowledge of the relationships between sounds and letters in reading and spelling.

© 2022 Stephanie Stollar Consulting LLC

43

---

---

---

---

---

---

---

---

## Research on Phonics

- Benefits all students K-6
- Positively impacts all other skill areas
- Systematic synthetic phonics instruction is more effective than embedded analytic phonics
- Goal should be applying knowledge in reading text and spelling
- Explicit and systematic programs get the best results

© 2022 Stephanie Stollar Consulting LLC

44

---

---

---

---

---

---

---

---

## Why Is Phonics Important?

Provides the basis for reading comprehension

26 letters represent 44 speech sounds

Decoding – linking sounds to letters, blending them together and reading the word

Encoding – linking print to letters that represent sounds to write words

Over 80% of words are phonetically regular

© 2022 Stephanie Stollar Consulting LLC

45

---

---

---

---

---

---

---

---

## Misunderstandings About Phonics

- Boring; Drill and kill
- Overemphasis or thinking phonics is the whole program
- Only necessary for struggling readers
- Takes time away from focusing on meaning
- Sight Words – High Frequency Words – Regular/Irregular Words
- Leveled Text – Decodable Text
- Nonwords

(c) 2022 Stephanie Stollar Consulting LLC

46

---

---

---

---

---

---

---

---

## How Does Phonics Connect?

- Students who have phonics skills do better on PA, reading fluency, & comprehension
- Vocabulary instruction
- Letter name, sound, form

(c) 2022 Stephanie Stollar Consulting LLC

47

47

---

---

---

---

---

---

---

---

## Research on Teaching Phonics

- Benefits all students K-6, even top readers
- Positively impacts all other skill areas – this is HOW to get to reading comprehension, not taking time away from it
  - Students who have phonics skills do better on phonemic awareness, reading fluency, & reading comprehension
- Systematic synthetic phonics instruction is more effective than embedded analytic phonics
- Goal should be applying knowledge in reading text and spelling
- Scripted programs get the best results

48

(c) 2022 Stephanie Stollar Consulting LLC

51

---

---

---

---

---

---

---

---

## What Is Reading Fluency?

Accurate, fluent, reading for meaning

Reading aloud effortlessly and with expression

Reading as you would speak

© 2022 Stephanie Stollar Consulting LLC

52

---

---

---

---

---

---

---

---

## Why Is Fluency Important?

Fluency is a bridge between decoding and reading comprehension

Accurate and effortless reading of connected text is a necessary but not sufficient pre-requisite to reading comprehension

© 2022 Stephanie Stollar Consulting LLC

53

---

---

---

---

---

---

---

---

## Misunderstandings About Fluency

It's all about speed reading

Sustained silent reading and independent reading will improve fluency

Fluency can't or shouldn't be taught

Accurate reading is sufficient

© 2022 Stephanie Stollar Consulting LLC

54

---

---

---

---

---

---

---

---

## How Does Fluency Connect?

Fluency and reading comprehension are reciprocal

(c) 2022 Stephanie Stollar Consulting LLC

55

55

## Research on Teaching Reading Fluency

Repeated Reading Best Practices (NRP; Chard et al; Therrien 2004; Morgan & Sideridis 2006; Stevens, Walker & Vaughn 2017)

- Use instructional level text
- Cue for speed and comprehension
- Model
- Multi component – listening preview, progress monitoring
- Increase number of re-readings
- Set a goal
- Performance feedback

56

(c) 2022 Stephanie Stollar Consulting LLC

56

## Repeated Reading Resources

**The Six Minute Solution** An approach to repeated reading that involves partners.

<https://www.voyagersopris.com/literacy/six-minute-solution/overview>

**Read Naturally** A variety of print and digital solutions for repeated reading that can be delivered in person or remotely. <https://www.readnaturally.com/research/read-naturally-strategy>

**Quick Reads** Procedures and materials for improving reading fluency and comprehension.

30 sets of varied practice text sets <https://iowareadingresearch.org/elearning#VPR%20Module>

**Webinar** Dr. Jan Hasbrouck defines oral reading fluency and what research says about how to assess and teach it. <https://www.youtube.com/watch?v=vH5mwiNZe9s>

(c) 2022 Stephanie Stollar Consulting LLC

57

## What Are Vocabulary and Oral Language?

Levels of Understanding	Description of Levels
Vocabulary Breadth	how many words a learner recognizes or knows ("size of an individual's mental lexicon")
Vocabulary Depth	measure of how well an individual knows a word
Fluency	rate at which the individual accesses the meaning of a word

(c) 2022 Stephanie Stollar Consulting LLC

58

58

---

---

---

---

---

---

---

---

## Why Are Vocabulary and Oral Language Important?

Perfetti's Lexical Quality Hypothesis

- Orthographic mapping required for automatic recall
- Word representations that include well specified orthographic, phonological, semantic and syntactic information
- If representation is high quality it will be retrieved instantly and accurately

(c) 2022 Stephanie Stollar Consulting LLC

59

---

---

---

---

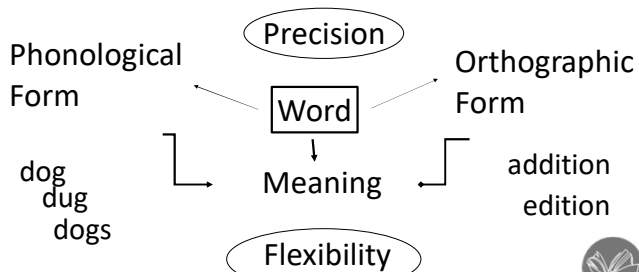

---

---

---

---

## Perfetti's Lexical Quality Hypothesis

(c) 2022 Stephanie Stollar Consulting LLC

60

---

---

---

---

---

---

---

---

## How does vocabulary connect?

(c) 2022 Stephanie Stollar Consulting LLC

61

61

---

---

---

---

---

---

---

---

## Research on Teaching Vocabulary

1. Teaching word meanings
2. Fostering word consciousness
  1. Morphology
  2. Oral discussion
3. Wide reading

62

(c) 2022 Stephanie Stollar Consulting LLC

62

---

---

---

---

---

---

---

---

## 1. Directly Teaching New Words

Criteria for selecting words to teach before reading aloud or independently

- Importance and utility
- Instructional potential
- Conceptual understanding

### • Tier 1

- Common words; May need to be taught to ELs

### • Tier 2

- "Words that travel well"; Essential for understanding the text; Best to teach directly

### 63 • Tier 3

(c) 2022 Stephanie Stollar Consulting LLC

63

---

---

---

---

---

---

---

---

## 1. Explicit Vocabulary Instructional Routine

1. Pronounce the word, phonology
2. Write it, read it orthography
3. Explore syllables, orthography, morphology orthography, meaning
4. Provide a student-friendly definition meaning  
A \_\_\_\_\_ is a \_\_\_\_\_ that \_\_\_\_\_.
4. Say more about the word, examples & non-examples meaning and context (in the text and others)
5. Ask yes or no questions  
Would it be brave to tell the truth when you did something wrong? Yes or no?
6. Elicit word use by the students phonology, meaning and context  
It would be brave to \_\_\_\_\_ I was brave when I \_\_\_\_\_
7. Encourage students to use the word across subjects, in spoken language, in writing

64

64

---

---

---

---

---

---

---

---

## 2. Fostering Word Consciousness

- Directly Teaching Morphology
- Words with affixes outnumber single morpheme words by 4 to 1
  - Teach *un, re, dis, in/im/ir; able/ible, ly, ness; es, ed, ing* – students can analyze at least 250 new words a year
  - Order easier to harder
    - Inflectional endings
    - Prefixes
    - Derivational suffixes
    - Greek and Latin roots
  - Cognates
    - Up to 40% of all words in English have a related word in Spanish.

65

(c) 2022 Stephanie Stollar Consulting LLC

65

---

---

---

---

---

---

---

---

## 3. Wide Reading

- Most new words are learned through reading
- Who is choosing to spend time reading?
  - Be cautious about Sustained Silent Reading
  - Mastery reading level considerations
  - Use of audio books
  - Increasing a student's reading comprehension skills increases their vocabulary

66

(c) 2022 Stephanie Stollar Consulting LLC

66

---

---

---

---

---

---

---

---

---

## What is Reading Comprehension?

The ultimate goal of reading is comprehension: for the reader to **reconstruct the mental world of the writer**. As skilled readers, this usually feels pretty **effortless** and comprehension flows naturally as we read along. This sense of ease is misleading, however, as it **belies the complexity of what we do as we read**, even when a text is simple and straightforward. A whole range of **cognitive and linguistic operations** are at play, from identifying individual words through to making inferences about situations that are not fully described in the text.

Nation, 2019, p.47

68

## What Is Reading Comprehension?

*Reading comprehension is not a single entity that can be explained by a unified cognitive model.*

*Instead, it is the orchestrated product of a set of linguistic and cognitive processes...* Castles et al 2018

*As we read, we construct a mental representation of the situation being described by the text, linking information from the text with relevant background knowledge. The product of comprehension is not a verbatim record of what has been read, instead, meaning emerges from the formation of a situation-model (e.g., Kintsch, 1998; Zwaan &*

69

---

---

---

---

---

---

---

---

## What Is Reading Comprehension?

- Comprehension Products are indicators of what the reader knows and understands after reading
- Comprehension Processes are the cognitive and language activities that allow the reader to arrive at the products
  - Semantics
  - Morphology
  - Reading Fluency
  - Syntax
  - Story Structure

© 2022 Stephanie Stollar Consulting LLC

70

---

---

---

---

---

---

---

---

## Common Misunderstandings About Reading Comprehension

- Strategy instruction
- Text selection
- It is the means to the end

71

© 2022 Stephanie Stollar Consulting LLC

71

---

---

---

---

---

---

---

---

## Research on Teaching Reading Comprehension

- Reading comprehension is multidimensional, not a single skill
- Background knowledge
- The relationship between knowledge and reading comprehension is reciprocal
- Teaching comprehension requires multiple levels of instruction and practice
- Assessing comprehension is difficult

72

---

---

---

---

Blueprint for Comprehension Instruction	
<b>PREPARING FOR INSTRUCTION</b> CRITICAL UNDERSTANDINGS OF TEXT	What do you want students to know and understand after reading the text? What are the critical concepts and understandings—big ideas you want your students to acquire?
<b>PURPOSE FOR READING TEXT</b>	What are the content instructional goals and objectives? What are the literacy instructional goals and objectives?
<b>TEXT READING VOCABULARY</b>	Which words will your students need to know? Which are worth knowing? Which ones will you intentionally target and directly teach? Which ones will you incidentally or purpose teach? How, when? Which words will you purposefully discuss, incorporate into extensive language activities? How and when will you teach and foster the use of independent word learning strategies?
<b>LANGUAGE STRUCTURES</b> (Phrases, Clauses, Sentence Comprehension)	Are there phrases, clauses, sentence structures that may be difficult for your students? How and when will you directly teach sentence comprehension? How and when will you teach students to work with challenging sentences? How will you facilitate the integration of ideas within and between sentences, e.g., the use of cohesive ties and connectors? How and when will you teach students to work with them?
<b>KNOWLEDGE</b> • Text Structure • Background Knowledge	How is the text organized? How and when will you directly teach students the purpose, features, and signal words of different genres? How will you teach students to use the structure to understand purpose? To organize and express their understanding? What background knowledge is critical to understanding the text? How and when will you teach students to access and build their knowledge and integrate it with the text?
<b>LEVELS OF UNDERSTANDING AND INFERENCE</b>	How will you teach students to construct meaning at different levels of understanding, including the surface code, textbase, and mental model of text? How will you directly teach students to use inference to integrate ideas and connect background knowledge to the text? How will you support your students' deep comprehension of text?
<b>EXPRESSION OF UNDERSTANDING</b>	What strategies and activities will you use for students to demonstrate understanding at different levels, during and after reading? How will you support their oral and written expression of understanding?

## Research on How to Teach Reading

### Features of Effective Instruction

- Reducing task difficulty and breaking tasks into smaller units
- Providing scaffolds and support
- Teaching in a planful sequence, from easier to harder
- Providing explicit models of new skills
- Supported practice with immediate corrective feedback
- Extensive independent practice with cumulative review

79

(c) 2022 Stephanie Stollar Consulting LLC

79

---

---

---

---

---

---

---

---

## How to Teach

Explicit	Systematic	Sequential
New skills are directly modeled	Consistent instructional routines are used to guide students to correct responses	Skills are taught in order from easier to harder; Pre-requisites are taught first
Students are guided to the correct response	Instructional time is carefully allocated to maximize time on task	Component or foundational skills are taught directly to support higher-order skills
Error response includes immediate corrective feedback	Cumulative review	Intentional sequence within and across lessons; within and across grades
Skills are practiced to mastery and automaticity		

80

(c) 2022 Stephanie Stollar Consulting LLC

80

---

---

---

---

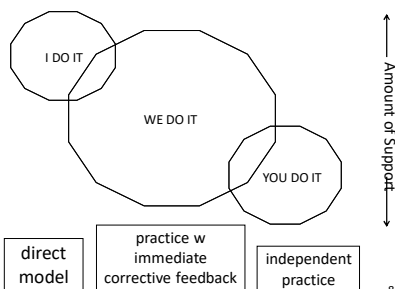

---

---

---

---

## Explicit Instruction

(c) 2022 Stephanie Stollar Consulting LLC

81

81

---

---

---

---

---

---

---

---

## Explicit, Systematic & Sequential Lessons

Scripted  
 State the goal  
 Brief review  
 Attention to sounds in a word  
 Explicit intro of new sound-spelling pattern (I Do It)  
     Mapping phonemes to graphemes  
     Blending letter sounds  
     Reading the word  
     Discuss word meaning as needed  
 Practice reading the words in a list, phrase, sentence  
 Spelling, Dictation  
 Practice in controlled, decodable text

82

82

---

---

---

---

---

---

---

---

## Structured Literacy

<https://dyslexiaida.org/what-is-structured-literacy/>

83

What to Teach

- Phonology
- Orthography
- Morphology
- Syntax
- Semantics

How to Teach

- Explicit
- Systematic
- Cumulative
- Diagnostic

83

---

---

---

---

---

---

---

---

Skill Area	Explicit Literacy Instruction	Typical Literacy Instruction
Phoneme Awareness	Emphasis on the sounds in spoken language distinct from and prior to phonics instruction; Phoneme awareness used as the starting point for print	Letters used as the starting point for reading; Reading treated as a visual skill; Confusion of phonemic awareness and phonics; Avoidance of segmenting spoken words
Phonics & Spelling	Intentional instruction in letter-sound combinations; Sequenced from easier to harder for reading and spelling; Application of word reading in print	Phonics taught whole to part (analytic) incidentally as students make mistakes in text or by analogy (word families); Mini lessons responding to student errors
Vocabulary & Oral Language	Oral language as the reference point for print; Books used for reading aloud are more challenging than those students read independently; Scripted teacher dialogue	Modeling reading aloud from the leveled books students will read; Nondirective questioning and discussion
Text Reading Fluency	Young students read text that is controlled to include only those phonics patterns that have been explicitly taught; Fluency building only after accuracy; High degree of teacher-student interaction with immediate corrective feedback	Use of leveled or predictable texts that are not controlled for decoding difficulty; Error response focuses on picture cues or the use of context to determine words; High degree of independent silent reading; Miscue analysis
Reading Comprehension	Background knowledge, text structure, and strategies overtly modeled and practiced in a planned progression	Emphasis on teacher modeling (think aloud); Activities such as choral reading, shared reading and guided reading; Student book choice

85

**Tier 1: Core Reading Instruction**

All students

Purpose – Primary Prevention - get most students to grade level reading performance

- 90-120 minutes every day
- Evidence-aligned scope and sequence, instructional routines, materials
- Highly differentiated
- Whole group and small group formats
  - Flexible skill-based groups (5-7 students)
- Planned by grade-level team using universal screening data
- Causes at least 80% of students to reach grade-level expectations

(c) 2022 Stephanie Stollar Consulting LLC

7	7	ae, ai, ay	Core Decodable 6: ay	Practice Decodable 6: ay	ae, ai, ay
8	8	ae, ai, ay	Core Decodable 7: ay	Practice Decodable 7: ay	ae, ai, ay
9	9	ae, ai, ay	Core Decodable 8: ay	Practice Decodable 8: ay	ae, ai, ay
10	10	ae, ai, ay	Core Decodable 9: ay	Practice Decodable 9: ay	ae, ai, ay
<b>Lesson 2: Consonants</b>					
11	11	ae, ai, ay	Core Decodable 10: ae	Practice Decodable 10: ae	ae, ai, ay
12	12	ae, ai, ay	Core Decodable 11: ae	Practice Decodable 11: ae	ae, ai, ay
13	13	ae, ai, ay	Core Decodable 12: ae	Practice Decodable 12: ae	ae, ai, ay
14	14	ae, ai, ay	Core Decodable 13: ae	Practice Decodable 13: ae	ae, ai, ay
15	15	ae, ai, ay	Core Decodable 14: ae	Practice Decodable 14: ae	ae, ai, ay
16	16	ae, ai, ay	Core Decodable 15: ae	Practice Decodable 15: ae	ae, ai, ay
17	17	ae, ai, ay	Core Decodable 16: ae	Practice Decodable 16: ae	ae, ai, ay
18	18	ae, ai, ay	Core Decodable 17: ae	Practice Decodable 17: ae	ae, ai, ay
19	19	ae, ai, ay	Core Decodable 18: ae	Practice Decodable 18: ae	ae, ai, ay
20	20	ae, ai, ay	Core Decodable 19: ae	Practice Decodable 19: ae	ae, ai, ay

92

92

Component	Purpose	Time
1. Purpose of the Lesson	Gain attention, clearly state purpose	30 sec-1 min
2. Review (PA, phonics skill, sight words)	Actively engage students in demonstrating what they remember and don't remember from previous lessons	2 min
3. Phonological Warm Up (listen for sound, pronounce sound)	Activate phonological processor; anchor patterns to be learned in speech	2-3 min
4. Phoneme-Grapheme Mapping (regular and irregular words)	We Do It Match speech sounds to letters used to represent them in print	5 min
5. Word Reading (blend and read words, word sort, word chaining, flip books, speed drills)	We Do It Practice accurately reading words with the new pattern; Learning to write words with the new pattern; Building fluency and automaticity of reading words with the new pattern	10 min
6. Spelling to Dictation (words, phrases, sentences)	We Do It Practice encoding words with the new pattern	5 min
7. Transfer to Text (choral reading, partner reading, independent reading, retelling, summarizing)	You Do It Practice accurately and fluently reading words with the new pattern in the context of controlled, decodable text to support comprehension; Practice writing sentences and stories that include the new patterns.	10 min

94

---

---

---

---

---

---

---

---

## Small Group Instruction

Effective because teachers can provide more:

- targeted instruction
- immediate corrective feedback
- opportunities to respond

Rather than grouping based on leveled text and using guided reading:

- Base groups on patterns of skills
- Use principles of effective instruction
- Provide double dose in Tiers 1 and 2 to students at risk

95

(c) 2022 Stephanie Stollar Consulting LLC

95

---

---

---

---

---

---

---

---

Grade	Group	Reading Camp				Word Recognition				Focus of Small Group Instruction
		Mean	DBI-Recall	DBI-Fluency	DBI-ACRS	AP & Basic Decoding	Phonemic Awareness	AP & Basic Decoding	Phonemic Awareness	
2-6	1	X	X	X	X	WVF-Word	WVF-CLS	WVF-CLS	WVF-CLS	Orals level reading & writing
	2		X	X	X					Check grammar, syntax, vocabulary
	3			X	X					Reading comprehension
	4				X					Reading fluency
	5					Warning				Decoding: Possible errors include missing syllable marks, irregular words, skipping rows, random. Check WVF, perhaps PAF
1	1		X	X	X	X	X	X	X	Reading comprehension, reading fluency, decoding
	2			X	X	X	X	X	X	Reading comprehension
	3				X	X	X	X	X	Reading fluency
	4					X	X	X	X	Decoding beyond CVC
	5						X	X	X	Reading letter sounds
K	1						Warning			Letter sound and blending, Check PAF
	2									Decoding beyond CVC
	3									Blending letter sounds
	4									Letter sound and blending
	5									Segmenting all sounds

(c) 2022 Stephanie Stollar Consulting LLC

96

96

---

---

---

---

---

---

---

---

## Flexible Service Delivery

Prioritize the needs of the students to drive the schedule  
 Create a schedule that allows resource personnel to support differentiation of Tier 1 classroom reading instruction  
 Consider "Walk to Read" and "All Hands on Deck" to differentiate Tier 1

97

(c) 2022 Stephanie Stollar Consulting LLC

97

---

---

---

---

---

---

---

---

## Grouping in Tier 1 106 students; 10 staff

Adapted from the Work of Sharon Dunn, MTS Leadership Consultant

98

---

---

---

---

---

---

---

---

## Tier 2: Strategic Reading Instruction

- Some students
- Purpose – Secondary Prevention - catch up students who are at risk
- 30-45 minutes; 3-5 days/week; in addition to core instruction
  - Evidence-aligned scope and sequence, instructional routines, materials
  - More explicit, systematic, supportive
  - Smaller, flexible, skill-based groups, narrow range of skills (3-5 students)
  - More frequent progress monitoring
  - Planned by grade level team with screening & diagnostic data
  - Causes an additional 15% of students to reach grade-level expectations

99

---

---

---

---

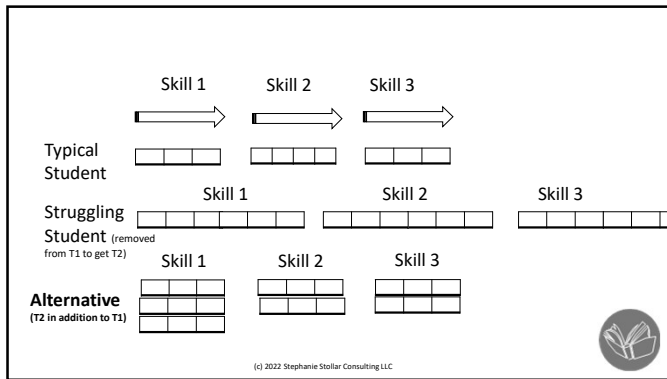

---

---

---

---

100

---

---

---

---

---

---

---

---

### Tier 3: Intensive Reading Instruction

A few students

Purpose – Tertiary Prevention - keep students' skills from getting worse, help them catch up

- 45–60 minutes; 5 days/week; in addition to core
- Evidence-aligned scope and sequence, instructional routines, materials
- More explicit, systematic, supportive
- Smaller, flexible, skill-based groups, narrow range of skills (1-3 students)
- More frequent progress monitoring
- Planned by student-level team with screening, diagnostic and progress monitoring data
- Causes the remaining 5% of students to reach grade-level

101

---

---

---

---

---

---

---

---

### Elements of Intervention

Look for intervention that includes:

- Small group
- Explicit and systematic instructional routines
- Targeting one priority skill
- Integration across skills
- Frequent opportunities to apply new skills in reading and writing

102

---

---

---

---

---

---

---

---

## How to Intensify Support

- More Explicit Model
- More Targeted Skill
- More Opportunities to Respond
- More Immediate Affirmative and Corrective Feedback
- More Practice
- More Individualized Incentives

(c) 2022 Stephanie Stollar Consulting LLC

103

---

---

---

---

---

---

---

---

104

104

---

---

---

---

---

---

---

---

## Strategies for Talking About the Science of Reading With Others

- Connect to something of urgent interest
- Start with on focus on the willing
- Offer to learn together
- Share research become a resource
- Focus on the WHY, not the what or how

105

(c) 2022 Stephanie Stollar Consulting LLC

105

---

---

---

---

---

---

---

---

## Conclusions

- All students deserve to learn to read
- All teachers deserve the knowledge that will support students to be readers
- What is known about how children learn to read can inform our work
- What and how we teach really matters
- A focus on prevention will ensure more children learn to read and reduce the need for intervention

106

(c) 2022 Stephanie Stollar Consulting LLC

106

---

---

---

---

---

---

---

---

## Where To Start?

Proposed Sequence for Analyzing & Improving Tier 1

Phase 1

- 1. Establish an assessment system – build consensus and urgency
- 2. Learn about the science of reading
- 3. Learn the collaborative problem solving process

Phase 2

- 4. Use universal screening data to analyze Tier 1 curriculum and instruction
- 5. Implement a Tier 1 schedule for K and 1
- 6. Adopt flexible service delivery
- 7. Group based on foundational skills during Tier 1 instruction

Phase 3

107
