Introducing the Updated and Expanded Woodcock-Johnson® IV Tests of Achievement:

Determining achievement strengths and weaknesses is easier than ever!

- Easy-to-use test and cluster comparison procedures allow identification of achievement strengths and weaknesses.
- Three parallel forms of the Woodcock-Johnson® IV Tests of Achievement Standard Battery supports a broad range of assessment needs from a wide variety of professionals. The single form of the Extended Battery can be used with any of the three standard forms.
- New two-test Reading, Mathematics, and Written Language clusters provide standard skill development measures without speed requirements.
- New Oral Reading, Reading Speed, and Reading Comprehension tests provide diagnostically useful measures that are necessary for the evaluation of reading performance.
- New Number Matrices test adds a richer, in-depth interpretation of math problem-solving ability.
- New variation procedure allows for comparison of fluency to basic skills and applications—an important diagnostic marker.
- Qualitative Checklists for each test in the Standard Battery provide important information that is critical to understanding student performance.
- Updated and expanded Science, Social Studies, and Humanities tests can be compared to academic achievement.
- Increased diagnostic capability with measures of phonetic coding and speed of lexical access when used with the WJ IV Tests of Oral Language.
- New Reading Fluency and Reading Rate clusters provide reliable and comprehensive measures of reading fluency.
- New clusters to meet IDEA assessment requirements in Reading Fluency and Mathematics Problem Solving.
What’s Included in the Woodcock-Johnson IV Tests of Achievement?
